Drawing Information:

There are three ways you could hold a drawing:

1. Basic drawing: Your organization can choose to let the winner pay the remaining half of the permit they win
 2. Sponsored Drawing: Your organization voluntarily pays for half of the permit (with our Foundation paying the other half) allowing the winner to get a completely free permit.
 3. Fundraiser Drawing: You may choose to charge an entry fee for the drawing as a way to raise funds for your organization or event. Funds generated from entry fees may be kept by your organization OR applied to the cost of the remaining half of the permit. Ex: \$250 is raised from entries. A Lifetime Hunt Permit is \$109.50 (remaining half). \$140.50 would be a profit for your fundraiser.
 - Please note: Drawing entry fees may be charged as a way to generate income for your organization/fundraiser. However, we do not want cost to be a barrier for entry. A maximum of \$10 per entry is suggested.
 - If you are charging for entries, one person can purchase as many entries as they are willing to pay for. If entry is free, we recommend limiting each person to only one entry per child to prevent them from "stuffing the ballot box."
- Winners may be drawn "live" during your event or after the event – the choice is yours.
 - You may choose which type of permit to "give away", or the winner may choose – the type of lifetime permit does not have to be pre-approved.
 - You may include drawing information in advertising for your event. This can help draw attendance and increases "buzz" about the program around Nebraska.
 - We reserve the right to limit the number of winners for which a group may draw. (To make sure that all conservation and wildlife groups have an opportunity to participate in this program)

THANK YOU!

We appreciate the work that your organization does on behalf of conservation in Nebraska. If you have any questions about our program, please contact Kristine Wolfe at (402) 471-5478.
